Overdraft Daily Fees are **\$8.04** per day beginning on the third business day the account is continuously overdrawn and continuing each business day until the account balance is positive. **Re-presentment: When we return an item due to insufficient funds, the person who submitted the item may re-submit the returned item for payment. The bank will not charge a Returned Item Fee for items re-presented even when balance in account is insufficient.** 

Limits: Fees for Bounce Protection and Overdraft Items will not exceed \$244.79 per business day per account. Fees will not be charged for Bounce Protection and Overdraft Items unless the account is more than \$12.00 overdrawn. These limits do not apply to Overdraft Daily Fees.

**Check Clearing and Payment Order** 

Checks and other account debit transactions presented for payment each business day will be paid in order of their serial or check number. If the account does not have sufficient available funds to pay all transactions presented for payment, the order in which the transactions are received and processed can affect the total amount of overdraft fees.

#### Deposit Balance Reporting Reclassification Notice

All Checking and NOW accounts will have a savings sub-account added. This change to your checking or NOW account will NOT affect your available balance, interest earnings, FDIC insurance, or statement. All checking and NOW accounts will consist of a checking sub-account and a savings sub-account. The bank may periodically transfer funds balances in its records between these two sub-accounts. Balances will be maintained in the savings subaccount until the sixth transfer during a calendar month when funds in the savings sub-account will be transferred back to the checking sub-account. If your account is a plan on which interest is paid, your interest calculation will remain the same. Otherwise, the savings sub-account will be non-interest bearing. The saving sub-account will be governed by the rules governing our other savings accounts.
