Springfield, Illinois: As a community bank, Peoples Bank & Trust recognizes the value of volunteerism in our communities. To commend and promote volunteerism, Peoples Bank & Trust has established a program to recognize individuals who have exhibited a commitment to community service through volunteer work.

Peoples Bank & Trust has selected Computer Banc as our current Volunteers of the Quarter.

Computer Banc is a not for profit that started in 1999 within the Springfield community, providing refurbished computers at a low cost to the community, including US Military Veterans, at-risk families, school districts, and other organizations with limited resources for new technology. While the operation has a small number of full-time employees, it also depends on its dedicated team of volunteers to fill its orders.

Computer Banc accepts donations of electronics and upgrades them as necessary to meet the needs of the community. The organization also accepts cash donations, and interested individuals may also visit www.computerbanc.org to find details on volunteering.

Peoples Bank and Trust is honoring Computer Banc for their community service with a donation to the Computer Banc and their name has been added to a Volunteer of the Quarter plaque, which is displayed in the bank's lobby.
